

All librarians and library science students interested in LEGO Programming are welcome to an informal roundtable discussion.

Do you have a successful LEGO Club at your library but feel ready to be energized?

Have you heard about LEGO Clubs but haven't started one yet and want ideas?

Does your library offer LEGO programming outside of a club format?

Has your library moved beyond LEGO programming to additional STEM programs, and you are willing to share what is working for you?

We will discuss club structures, funding and purchasing, marketing and club recruitment, and programming Ideas.

Albion District Library

501 S. Superior Street, Albion, MI 49224

Thursday, January 22, 2015 12:00 - 3:00 pm

Bring Your Own Lunch (Soda & Water Provided)

Woodlands Members: FREE Non-Members: \$10.00 per person

Please Register Online at <http://woodlands.lib.mi.us/calendar/workshops/>

*If possible, attendees are asked to bring:
samples of posters, flyers, and other promotional materials;
up to 3 of their best LEGO activities to demo or share via
handouts; information about funding/purchasing;
and questions/concerns for discussion.*

Facilitated by Putnam District Library staff members and Woodlands Library Cooperative.

For additional information, contact Laura at (517) 852-9723 or lscott@putnamlib.org.

The group will also discuss options for staying connected after this gathering.
