## Literary Masterpieces, Sacred & Secular, from The Remnant Trust

Lawrence Technological University invites you to discover 26 original and early edition historic documents focusing on the quest for freedom and human dignity as part of a display that will run for three weeks beginning January 11, 2016. The collection loaned by The Remnant Trust includes titles such as the “Emancipation Proclamation,” the “Magna Carta,” and “The Illustrated Life of Confucius.” LTU professors will be on hand to discuss their chosen books with the public.
