

2016 National Summer Teacher Institute

The United States Patent and Trademark Office (USPTO) will conduct its 3rd Annual National Summer Teacher Institute on Innovation, STEM, and Intellectual Property on July 17-22, 2016, in East Lansing, Michigan. This year's program is offered in collaboration with Michigan State University (MSU) and will be hosted on the campus of MSU.

Apply today to be considered for this exciting professional development opportunity designed for K-12 educators. The program combines experiential training tools, practices, and project-based learning models to support elementary, middle, and high school teachers in incorporating concepts of making, inventing, and innovation into classroom instruction.

The deadline for teachers to submit their online applications is **April 18, 2016.**

Space is limited, **apply today!**
