**Wednesday**  
**May 31, 2017**  
6:00—7:30 p.m.  
Parking Lot/  
Craft Room

Learn to use Wilder Branch's telescope for solar observing, and volunteer to show others how to use the telescope for future programs, especially the solar eclipse on August 21. Mark Kedzior of Warren Astronomical Society will provide hands-on training. If the weather is too bad to work in the parking lot, we will have an astronomy presentation inside.

Please register by calling 313-481-1870.
