

KnowBe4 Security Awareness Training Standing Offer For The Library Network

We want to make sure that all Michigan Public Libraries receive the best pricing possible, so we have decided to provide a set discount via a Standing offer.

We would like to offer your group (all public libraries in Michigan) a 25% discount for either a 1 or 3 year subscription to our console. If your members opt for the three year subscription level, there is a 20% discount built into the pricing. The 25% discount is then applied to that built in discounted pricing.

This Standing Offer for The Library Network runs through June 30, 2018.

KnowBe4 can help the libraries in preventing Ransomware, Malware and Social Engineering. They can reach out to KnowBe4 directly and we will be happy to answer any questions and provide quotes as needed. We can provide a demonstration upon request for any that would like to see the console in action

Below is a breakdown of the services that will be provided regardless of the subscription level chosen:
