

As teen librarians, we've pledged to serve all youth who come through our doors, but sometimes LGBTQ+ teens present an unique challenge. What do they need from us? How can we approach them and start conversations that mean something? What issues might we confront?

Get all these answers and more in our one-hour webinar presented by Teen Librarian Katie Mitchell, from the Saline District Library. Katie will help smooth the way for you by increasing your comfort level. She'll help you get your policies and talking points in place before issues arise and provide you with the tools you need to truly welcome and engage this demographic and make a difference in young lives.

Wednesday, May 30, 2018  
1:30pm to 2:30pm
