

Library Design

Michlilb-I 2020 Summary

Hi! Can anyone recommend a Library Building Designing Firm that they have recently used? 20 years ago we used Library Design, but I'm sure there are plenty more.
Thank you! Melissa/Gary Byker Memorial Library of Hudsonville

Hi Melissa,
Did you check the <https://nrr.ninja/> website? I'm not sure exactly what you need, but there are a number of categories you might want to search. It also has the contact information for the one who recommended the company so you can follow up with them for more detail.

Good luck!

Rebecca Higgerson

Director
Brandon Twp Public Library

Hi Melissa,
We are at the beginning stages of a expansion and remodel of our library and we are using HopkinsBurns Design Studio who are partnering with Daniels and Zermack Architects for our project (both out of Ann Arbor). They have been great to work with even though we have suffered serious delays due to COVID, but I guess that is true for everybody trying to do projects like this

Hi Melissa,

We are currently working with Quinn Evans. Our contact there is Ann Dilcher. Her email is akdilcher@quinnevans.com if you want to get in touch.

Take care and good luck!

Hi Melissa –

JDL has been very pleased with krM – their lead in Detroit is Kyle Keaffaber (kkeaffaber@krarchitecture.com) – I'm sure that he'd be happy to hear from you if you wanted to reach out.

I love Library Design! We have tried someone else, but I prefer them.

Hi Melissa, we used architects, Merritt, Cieslak, 33610 Grand River Ave, Farmington, MI 48335. They designed our original building in 1996 and addition two years ago.

Ron Cieslak is who I mostly worked with. They also are great community supporters.

Stay safe & healthy,

Donna

Melissa,

Formerly at the Allegan District Library for our addition and renovation we worked with Quinn Evans Architects out of Ann Arbor and their interior designer. They did a great job overall and they actually brought Library Design in for pieces due to Library Design's exclusive contracts and library knowledge.

Ryan Deery

Director

Charlevoix Public Library

Hi Melissa,

I used Library design when I was the Director in Big Rapids in 2014. I am using them again for our flood damage repair now. They are great! Also, for our type of shelving they are the only distributor in Michigan.

Hi Melissa,

The East Lansing Public Library has had several very good experiences with C2AE Architects and Engineers. Dennis Jensen is who I have worked most closely with in recent projects. His email is dennis.jensen@C2AE.com.

Good luck!

Kristin

Hi Melissa,

I have worked with Dennis Jenson of C2AE in the past and he was always very good. He did the work on the Grant Area District Library and Tamarack District Library here in Lakeview. I just talked to him recently about a project we are doing up here and although he was not interested, he directed us to a couple of other companies to try.

Perhaps if his firm is not interested, Dennis can refer you to a company that would be.

Good luck!

Deb

Deborah L. Bose, Interim Director

MLS, Retired

The Ellis branch of the Monroe County Library System had a fabulous designer. You can see virtual tours of the different areas on their website.

<https://monroe.lib.mi.us/ellis-video-tours>

It was a few years ago... could be 7-8 or more years the way time flies! I recall going to the grand opening and meeting the designer...and wishing we could hire her.
