

# MI DIARIES – Tell your story!

## About the project:

We're a research project from Michigan State University. We use “audio diaries” (your own recordings) to see how people’s lives and language are changing. Anyone aged 13+ and living in Michigan can sign themselves up on our website.

Scan the QR code or visit [mi-diaries.org](https://mi-diaries.org) below to get started!

## Get involved:
