

**Presenter: Mike Murray**

VIRTUAL ONLY ON LIVE

One of the most popular and well-known meteor showers of the year are the Perseids. This year, the peak occurs in the late evenings of August 11 & 12, but you can see meteors for up to a week before and after the predicted dates. Delta College Planetarium Manager Mike Murray will demonstrate the causes of meteor showers and how you can get the most out of this year's display.

**Presenter: Kevin Peil**

VIRTUAL ON LIVE

**IN PERSON: Wirt Library Community Room**

An overview of the craft beer industry both nationally and in the state of Michigan. Kevin Peil will cover the highs and lows of operating a craft brewery in today's world. We will discuss what one should look for in a great craft beer and where Tri City Brewing sits in the craft beer world!

Register for Zoom link beginning 9 am 1 month prior to program. Call or visit the Events Calendar at [www.baycountylibrary.org](http://www.baycountylibrary.org)
